STRUCTSURE HOOK

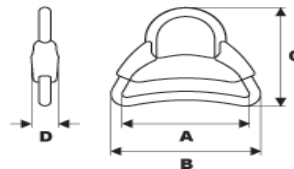

The second generation of the Surelink, the Structsure Hook is a combination metal and plastic snap hook featuring the strength of metal and the lightweight look of plastic. The Structsure Hook incorporates an interlocking tongue to resist side stress applications. The STRUCTSURE "family" look is completed when used in conjunction with the Structsure D-Ring, and the Structsure Tri-Glide.

ITW Global	ITW FASTEX Part Number	Colour	Web Size mm	Material	A	B	C	D	E
640-0000	381-1245	Black/Black	40mm	Nylon/Steel	37.5	44.8	62.4	22.1	12.1
640-0000	381-1247	Black/Grey	40mm	Nylon/Steel	37.5	44.8	62.4	22.1	12.1

STRUCTURE D-RING

A new D-Ring that combines metal and plastic components. The Structsure D-Ring features the strength of metal and the lightweight look of plastic. Designed for 40mm webbing, a complete "family" look can be obtained when used in conjunction with the Structsure Hook and the Structsure Tri-Glide.
